Behind the Scenes

When you buy a new DVD, you see two disks – one is the feature presentation, the other a behind the scenes look at the cast and crew. Now imagine Sayreville having a DVD of its own.

The main feature includes our social and academic lives as well as our sports and activities. It is filled with the action and competition of our teams, the suspense of finding out our grades, the humor of the inside jokes we share with our friends, and the drama all of us can't seem to avoid - not to mention the horror of showing up to picture day with a huge zit on your nose.

All the things we enjoy doing here make up the movie of our lives. Live it up, because you only get one take at high school, and you want it to be a box office hit!

"A Night at the Ritz"

"...stop me and steal my breath." Edwin McCain

Junior Prom 2006 – one of the many nights the Class of 2007 eagerly awaited after shedding the stress and drama of the HSPA's and SAT's. On May 12, 2006, the Woodbridge Sheraton in Iselin set the scenery for the magical debut of "A Night at the Ritz," an evening brimming with dazzling dresses, sharp tuxedos, dozens of smiles, and endless dance. Glittering decorations and a sharp color scheme of red, black, and white truly brought out the movie-star glamour in everyone that night. Towards the end of the evening, applause erupted from every corner of the stunning hall as Mark Margres and Katelyn Santoro were crowned Prom Prince and Princess and given the floor to dance to the theme song "I'll Be" by Edwin McCain. All those in attendance agree – "A Night at the Ritz" deserves two thumbs WAY up, as truly one of the most unforgettable nights in SWMHS history.

Powderpuff Football

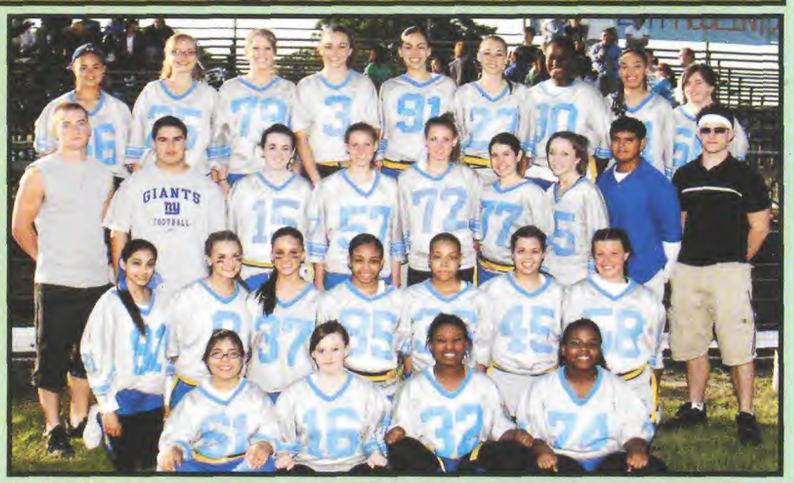

Football isn't just a men's sport, so the ladies of the '06 and '07 said. On May 24, 2006, both classes, represented by a group of women, took to Bomber stadium and played a very interesting game of powderpuff football. Regardless of the eventual outcome ('06 took the win), the ladies of '07 showed promise as they got together to score some touchdowns. Interesting plays were made, including one by Aida Siquiera #49 on defense. "I can remember at one point I leveled Perri Williams and tackled her to the ground!" said Aida. "It was really cool." Besides showing unity on the field, the ladies took their unity with them, giving support to team members throughout the eve of the game. "It was awesome to be able to set differences aside and just come together as teammates and friends," said Aida. Though '07 was defeated, they wanted to remind '08 that they are coming back and they're not going down without a fight!

"Bring It On"

On September 29 2006, the most anticipated event of the year took place, and no, it wasn't the Oscars, or the Grammys. It was the 2006 fall sport pep rally! Everyone came into school decked out in their class colors, representing their own respective class. This year, we paid homage to all of this year's fall sports and everyone got a glimpse of the new Bomber stadium field for the first time. The Seniors eventually won both the tug of war and class chant with ease. The cheerleaders and the platinum soundz step squad both performed dazzling routines as well. All in all, nothing but pure Bomber spirit was in the air, something vital for the events to come later in the evening.

Bombers

Yeah we're kind of a big deal

"Field of Dreams"

The saying "There's no place like home" has never been so fitting as it was for the Bomber homecoming game 2006. The Bombers sanctioned thier brand new turf on September 29 and welcomed classes from 1946 to 2006 as well as various Bomber fans of all ages. This year's theme "Superheroes: Finding the Hero in All of Us" is truly what the Bombers Football team did that night. After scoring a touchdown and the extra point with under three minutes left in the game, the Bombers recovered the ball after an onside kick. With a minute and thirty seconds left in the game, the Bombers plowed down the field to score the final touchdown and the two point conversion. The defense held tight during the last thirty seconds of the game to secure a 21-20 victory for the Bombers. The halftime festivites included a performacnce by the SWMHS Marching Unit, the announcement of the 2006 Homecoming Queen Bianca Siriday, crowned by the 2005 Queen Nicolette Macagnone, and the presentation of the class floats. Despite the tough competition, the seniors' Superman float took first place. Beats from the band, encouragment from the cheerleaders, massive enthusiasm from the crowd, and miracle working football players made this year's homecoming an unforgettable event for all Bombers fans!

"Almost Famous"

On Monday, November 6, 2006, the students of SWMHS piled into Starland Ballroom to witness the second annual Expresso Cafe. The night was a total success filled with music, laughter and fun. Acts included performances by Adam Skarzynski, Humongous Fungus, Christopher Worthington, famous comedian Kyle Grooms and many others. However, the most touching performance of the night was a speech given by Patrick O'Brien himself. Patrick, who suffers from the terminal illness ALS, gave a heartfelt thank-you to all who attended. The evening's proceeds benefited ALS research and the Patrick O'Brien Foundation.

How many times have you wished for your own personal stunt double? Here are a few people at SWMHS who don't have to wish - from the day they were born, they have had a partner in crime, a pal to laugh with, and a shoulder to cry on...who just happens to look exactly like them.

"The Fast and the Furious"

The 2007 school year was different than any other for many reasons. One of the most obvious was the lack of parking. To make it fair, an auction was held to assign available spots to eligible seniors. Here are some pictures of the auction, followed by one of the most popular sections of the yearbook, " Senior Cars."

"The Graduate"

This is it; the last year the Class of 2007 will ever walk through the halls of SWMHS as students again. Although life for most seniors is busy between SAT's, college applications, prom, and – most of all – the senior trip to Disney, it's one of the most important, and gratifying years of a person's life. It's time to begin shaping our futures, to say goodbye to the old and hello to the new; time to look back on these last four years and smile as we hold our heads high toward the futures ahead of us. It's time to finally laugh at all those embarrassing moments, improve our shortcomings, and wonder just *how* can anything in the future top all that we experience today? As we take that walk, that long walk down the graduation aisle, many of us will be uncertain as to whether or not life will ever be quite the same. However, as our childhood adventures finally come to a happy end, there's still plenty of room for an equally awesome sequel – one that will be sure to top the original. Congratulations to the Class of 2007!

Valedictorian - Alex Dzioba

Although he may be best known for his academic achievement, Alex Dzioba feels that his studies were only a small part of his overall experience at Sayreville War Memorial. Alex participated in a variety of activities including TIGS, National Honor Society, Math Honor Society, baseball and winter track. Furthermore, Alex took an interest in certain athletic programs, specifically football, on a spectator level. In fact, many would accredit the football team's successes solely to Alex's inspiring chants that could be heard throughout each game. Outside of school, Alex was involved in the community through his work with the B.I.C. sumer camp and his position as a junior umpire for the Sayreville Little League. Of course, Alex's main interest throughout his high school career centered around the Rutgers football, team and their road to glory. Travelling to such places as Arizona, North Carolina, and West Virginia in order to watch the games, Alex considers himself a diehard fan who will never turn down an R-R-R U-U-U chant.

As he moves on from high school and into college, Alex is looking forward to the variety of challenges he will face at the next level. Even though he is uncertain of the exact career path he will choose, Alex hope that his work in college will eventually allow him to set up and run his own business at his leisure. Still, no matter where he goes in life, Alex will always be able to look back on his high school years as an enjoyable experience on many levels. Simply put, Alex is the best there is, the best there was and the best there will ever be.

Salutatorian - Deanna McLafferty

Deanna has been awarded the University of Rochester Science Award, and was named an Edward J. Bloustein Distinguished Scholar as well as an A.P. Scholar. She is the entertainment editor of *Echo Lites*, and is involved with the yearbook committee, TIGS, International Society, Mu Alpha Theta, and Spanish Honor Society. Deanna accomplished all of this while working part-time and volunteering as an intern at Assemblyman Wisniewski's office. She is deeply concerned about human rights and has spent many hours spreading awareness about the atrocities occuring in Darfur. in the future she hopes to combine her social activism with a career in the science field and to publish some of her writing. In her spare time, Deanna enjoys reading, watching movies, and listening to music. She would like to thank her friends, teachers, and family, especially her mother.

Class of 2007

2007 Soaring Seniors

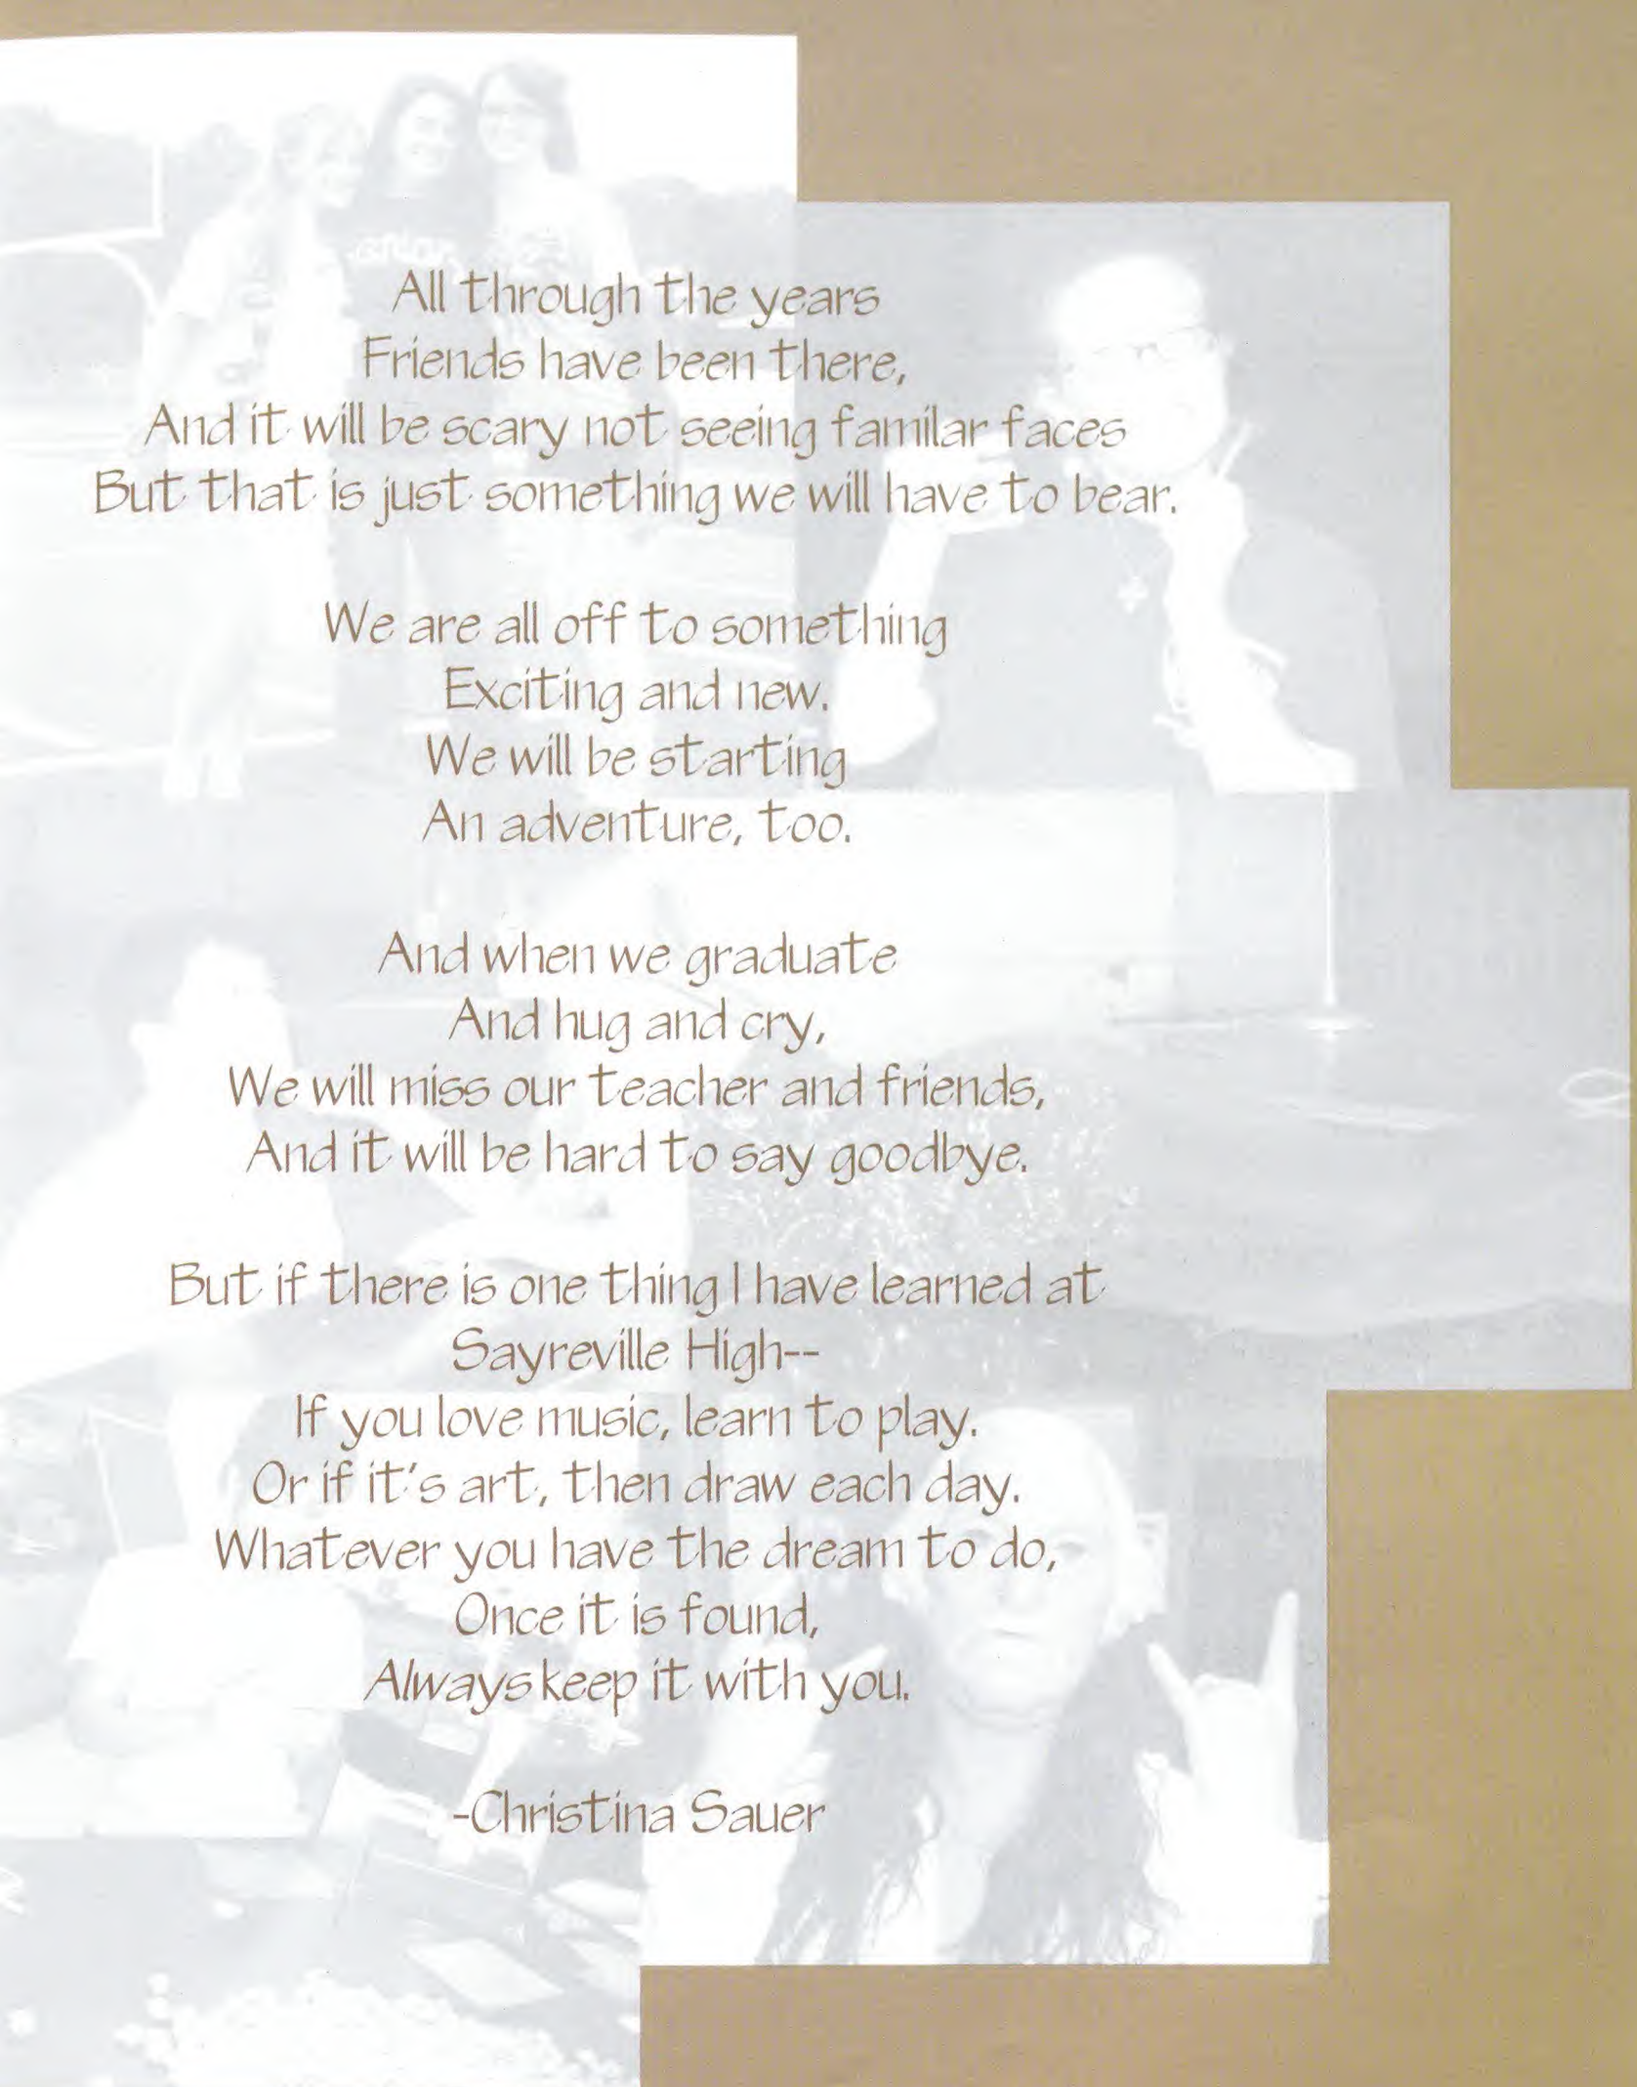

A journey lies ahead
For all of us on graduation day.
A journey to adulthood,
Our youth will not be forgotten
As we go on our way.

How the years fly by,
When you're having fun,
Being with your friends,
Although some can't wait to be done.

The work was hard,
But it paid off.
And look at us now,
Ready to take off.

It has been four fun years
filled with emotions.
But the love we hold for each other,
Could span the oceans.

I remember back
to that very first year;
We took a deep breath,
Then headed to our classes, facing our fears.

All through the years
Friends have been there,
And it will be scary not seeing familar faces
But that is just something we will have to bear.

We are all off to something
Exciting and new.
We will be starting
An adventure, too.

And when we graduate
And hug and cry,
We will miss our teacher and friends,
And it will be hard to say goodbye.

But if there is one thing I have learned at
Sayreville High--
If you love music, learn to play.
Or if it's art, then draw each day.
Whatever you have the dream to do,
Once it is found,
Always keep it with you.

-Christina Sauer

"Dangerous Minds"

#3- Kristin Giglia

If Kristin's high school career could be summed up in one word, it would be "busy," as she is constantly involved in various activities throughout the school. A great lover of the arts, she was an avid admirer of music and part of most of, if not all, the instumental bands, including marching band, wind ensemble, and pit orchestra. She also loves to create and perform, as a member of the school Odyssey of the Mind team. She divided her remaining time with playing on the varsity softball team, acting as vice-president of National Honor Society, and tutoring her peers in mathematics. She plans to attend law school after her undergraduate studies in the liberal arts, with hopes to eventually become the State Attorney General and serve in public office.

#4- Mark Margres

Mark epitomizes the moniker "scholar athlete," achieving at an elite level in both academics and on the football team. Leading the Bombers to an 8-2 record and state playoff berth, Mark earned All-Division, All-Conference, and All-County accolades, and was honored by his teammates as varsity captain. Yet this true Renaissance Man also is a member of Mu Alpha Theta and the Spanish Honor Society, mentors new students through the Peer Leadership program, and is an active field researcher in a herpetological study in the wild swamplands of North Carolina. Mark enjoys fishing, collecting snakes and fossils, weightlifting, music, and spending time with his friends. He is choosing between Davidson College, Bethany College, and Salisbury University and hopes to be a college professor and football coach one day.

#5 - Heather Miara

As a student at SWMHS, I participated in numerous clubs and teams that all allowed for enjoyable experiences and enabled me to meet a variety of fun and interesting people. Just about everything in my high school career was great, but I only wish I would've taken time to get to know everyone a little better. As an athlete, I participated in girls' cross country, girls' basketball, spring track, and the girls' soccer program. Other school clubs that I was involved in were Spanish Honor Society, National Honor Society, Mu Alpha Theta, and SAVE. Next year, I plan to attend college, most likely at Georgian Court University, but I am unsure of what I will focus my studies on. I hope that while I'm there I will discover a subject that truly interests me, but as of now I have no specific plans for my future. I owe a million thanks to my amazingly supportive family and friends, who helped me , inspired me, and believed in me in everything I did and enabled me to accomplish my goals and achievements.

#6- Martyna Wieczorek

Martyna has spent her last four years not only maintaining her spot on the honor roll, but competing nationally and internationally in fencing. Training countless hours in New York, she is currently nationally and internationally ranked. In addition to being an athlete, she was manager of the boys' basketball team, a part of the film and video society, and inducted into the Spanish Honor Society. Martyna plans to continue fencing for NCAA and on the USA team. She hopes to major in international business.

#7- Erica Latz

Over the past four years at SWMHS, I have created memories that I will never forget. Being fully involved in the school, I feel I have gotten the most out of my high school experience. Such groups that I am involved with are National Honor Society, Mu Alpha Theta, Spanish Honor Society, and Peer Leadership. Also, as a dedicated Student Council member, I was elected treasurer and then Vice-President. In addition, I was also captain of the Varsity Field Hockey and Basketball teams. With my spare time, I enjoy hanging out with my friends and spending time with the family. In the fall, I hope to have just as an enjoyable experience at college as I did at SWMHS.

#8- Patrick Mitchell

Like a duck on a pond, Pat seems to float by effortlessly, but is truly working hard under the surface. When he sets his mind to a task, it is this drive and determination that ensures that it is achieved. Outside of school, Pat is a volunteer EMT for the Sayreville Emergency Squad, where he serves as Captain of the Cadet Corps. Continuing on in the medical field, he plans to become a surgeon. Pat owes his success to the entire Class of 2007, because, truth be told, they've been the only good reason to keep coming back to SWMHS day after day.

#9- Palak Shah

Throughout the past four years at Sayreville War Memorial High School, Palak has proven to be an ambitious and dedicated leader both in and outside of school. Palak has been involved with National Honor Society and Spanish Honor Society, and she has held leadership positions in TIGS and is President of the International Society. In her spare time, she enjoys dancing and hanging out with her friends. In the fall, Palak plans on attending college and pursuing a career in pharmacy. She wants to thank her family and friends for supporting and helping her every step of the way.

#10- Yamilette Hernandez

Yamilette Hernandez was born in Puerto Rico and arrived in New Jersey five years ago. She worked hard through her high school career learning English and improving her math skills. Still, she had time for extra curricular activites. As a freshman, she joined the French club and as a sophomore she joined the math club and TIGS. During her senior year, she participated in math club and TIGS as an action planner. She was also admitted into the Math Honor Society and Peer Leadership. After high school she plans to attend Virginia Tech and pursue a degree in Electrical and Computer Engineering. She woul dlike to thank he rfamily for their great support and help. Her four years of high school were a great experience.

Advisers
Ms. Anne Carlson
Ms. Vanessa Sabadics
Mr. Michael Weinert

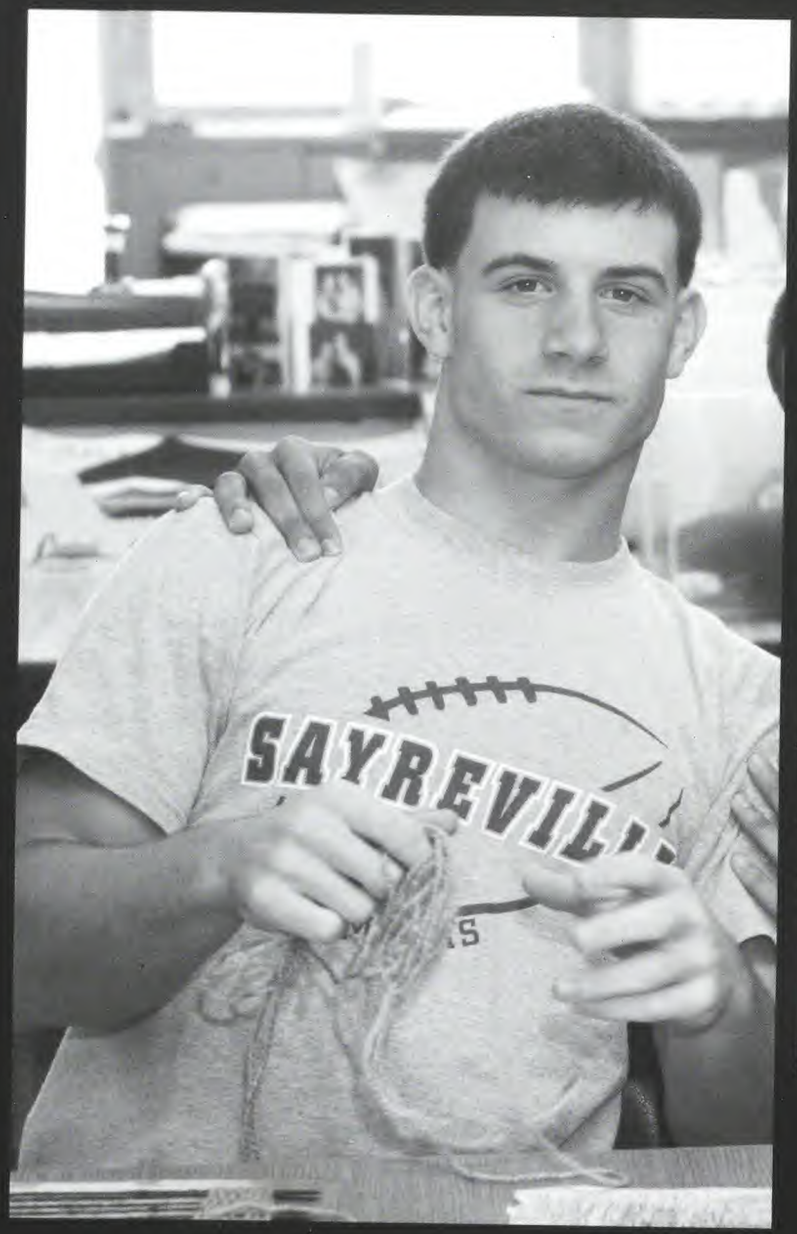

Class of 2007,

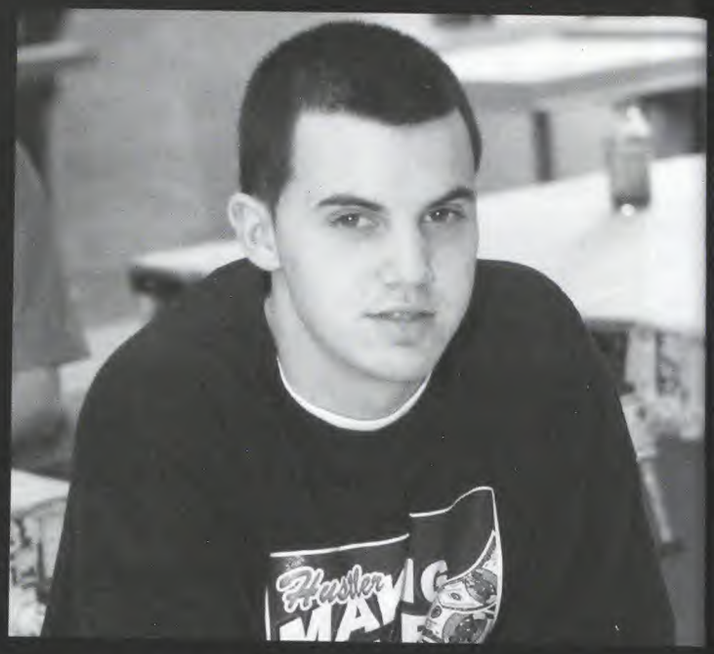

Looking back at the past four years, we've realized that they're come and gone quicker than we thought. During this time, we have experienced so many unforgettable moments. We have enjoyed the good times and made our way through the bad times. From all our hardships and our successes, we have grown to be the people wea are today. As we continure to strive towards our goals, we will always keep in mind what we learned these past years, and the lessons that will guide us to the future. Our memories will never fade and will always be in the back of our minds, reminding us of how we got to this point in our lives. Throughout high school we all bettered ourselves and are all able to move on and see what the future has to hold. These past four years have been what we made them, and knowing this, we can move forward and succeed. We've enjoyed the laughs and made the difficult decisions, we've captured every moment of it. We have truly grown up since freshman year, making new friends and catching up with old friends. School spirit has distracted us to the point where its hard to believe our senior year has escaped us so quickly, but we must all move on with high school behind us. We can be satisfied knowing we have lived each day to the fullest and we wouldn't change a thing. With four years at SWMHS behind us we will be able to conquer anything. Congratulations, Class of 2007, and Good Luck making your future the brightest it can be.

Your Class President,
Lindsay Watson

After many hilarious and memorable bloopers, they look forward to the special features and important scenes that await them senior year.

Dear Sophomores, Class of 2009,

It has been another prosperous with all of you. I appreciate everyone who dedicated their time and effort into the class competition activities. I look forward to next year, as we start the second half of our high school careers. Junior year will make us face high schools biggest obstacles: such as HSPAs, PSATS, SATS, and college hunting. However, with each others support I know we will conquer them. If prom is anything like our formal was, we certainly have something to look forward to. I wish us the best of luck with our junior endeavors.

Sincerely your class president,
Tyler Warner

"Dazed and Confused"

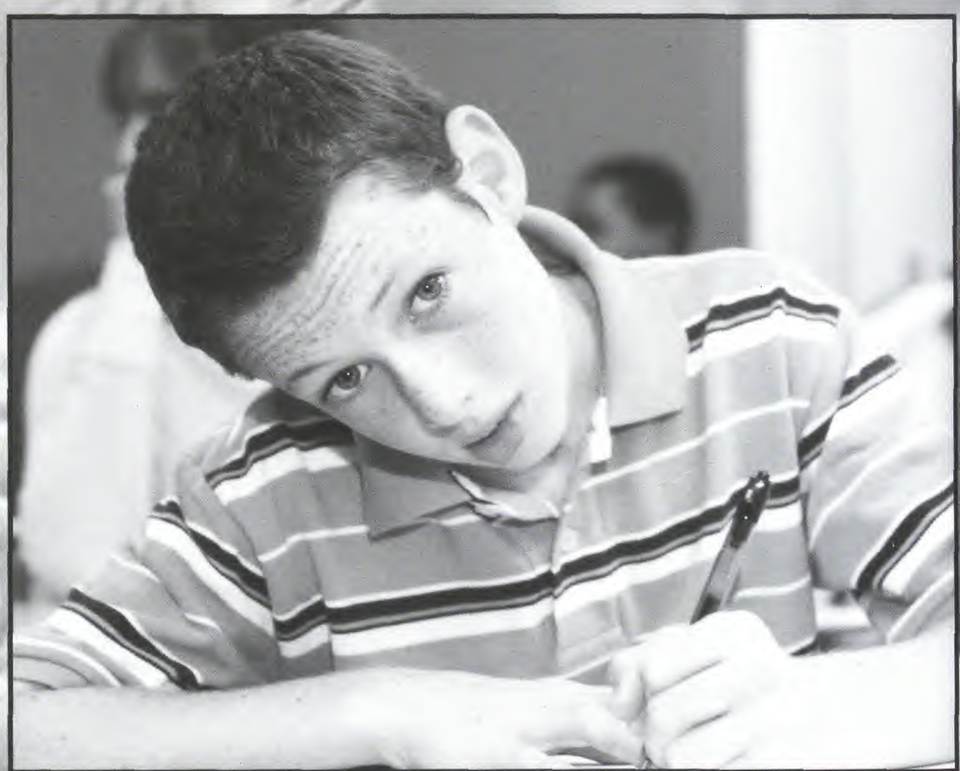

All the fears that we faced the first day of high school are now gone. We had no idea what to expect when we walked through those doors. It was an entirely new scene for us. The thought of not finding a class in this giant place was frightening. We learned more than academics this year. We figured out shortcuts around the school and what classes we'd like to tak e as upperclassmen. Together we all made it through this year with new friends and new memories. We still have three more years left here at SWMHS to make it the best it can be.

Right: Eddie Cameron sure is happy class is almost over.

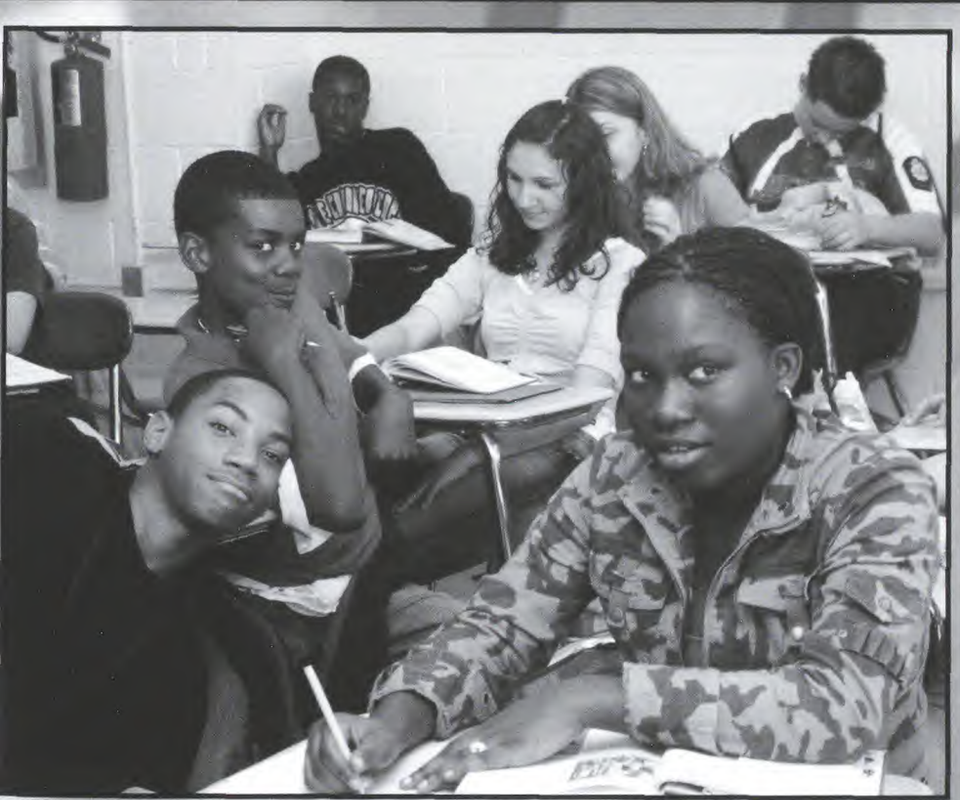

Above: Megan Campbell and Naweed Anjum anxiously await the directions for their science experiment.
Right: Working away, Sean Hullings is caught off guard by the camera.

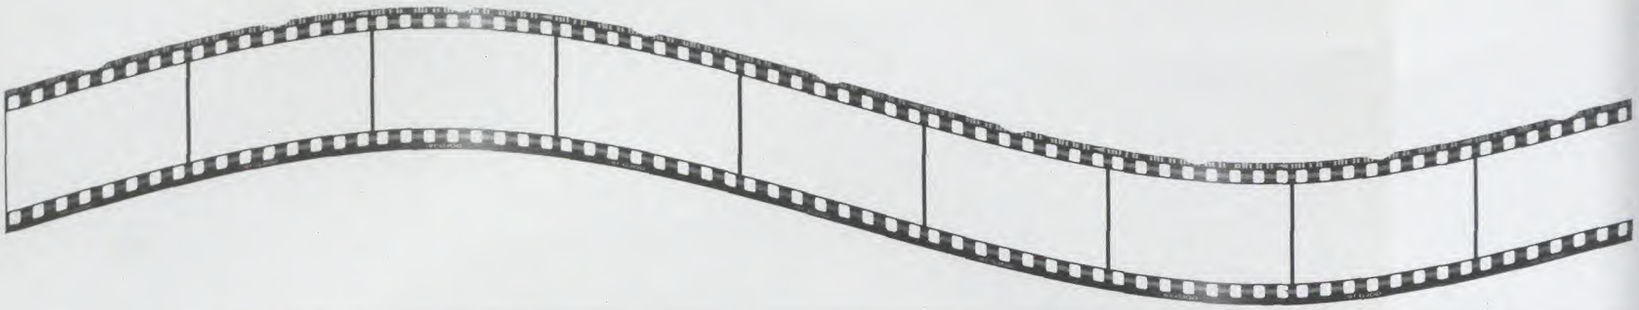

Left: Ashle Laidlaw and Steven Luciano clown around in class.
Left: Eager for the day to end, Scott Persaud rests his head on his bookbag.

Above: Asha Lee concentrates on her classwork to prevent having homework over the weekend.
Left: Members of Ms. Fallon's history class ham it up while others focus on their work.

Class of 2010!

We've gotten through our first year of high school! We've had some unforgettable memories and some memories we just wish we'd forget. We've made some decisions worthwhile and some well, just a waste of time. We've found friends for now and some till the end. We've had some laughs and yes, I admit our Tug-of-War team was pretty whack. Still got three more years, a few more tears, and a few more laughs. A few more friends and before you know it: high school will end. Maybe they are the best four years of our lives. By senior year, we'll all look back and think-"Hey! Remember when?". Biggest thing I'll remember: We're the SWMHS Class of 2010!

"The Faculty"

The faculty - they're the producers, they're the directors, they're the critics and they call the shots. Whether it's giving students the "two thumbs up" or editing the final product, surely we would be lost without them. To say the least they certainly deserve a big spot on the credit reel of our lives.

Mr. James Brown

To the Class of 2007

It is because of you, the Class of 2007 the high school has become a better place. Your leadership, commitment and spirit will forever live here. The mark you made is indelible. Whether it was athletically, academically, community service, or just plain old "bomber spirit" you have each made a difference in someone's life here at SWMHS.

Take one last look around; SWMHS will never look the same. This class is the first to live through the major changes that will become the new SWMHS. I can still remember the day of freshman orientation, the electricity and excitement this class generated was amazing! I will never forget watching many of you walking to classes, checking out the "fastest routes," practicing your locker combinations and asking around to see who was in your lunch.

As we close in on the last few weeks here at SWMHS it is my sincere hope that when you look back on your years here, you feel that you were prepared to meet the challenges that life will put before you.

On behalf of the administration, faculty and staff at Sayreville War Memorial High School, I wish each and every one of you the happiness of a productive life, the respect of your peers, and the love of your family. May the future be yours!

The best of luck and congratulations to the Class of 2007!

For the first time in over a decade, they qualified for the State Tournament which was held at Marlboro High School. "Kingpin"

2006-2007 was the Bombers first season of actual competition in the GM C White Division, and the team left a solid impression. At the start of the season, many teams in the GMC had underestimated a young Bombers team with almost no competitive experience, but after a few matches it was clear that the Bombers would be one of the "teams to beat." As it turned out, no team was able to best the Bombers, and the team ended the season with a perfect record of 22-0. In the team's first year of competition, they were able to earn the White Division title over some strong division competition.

Although the Division Title was a total team effort, there were some individual standouts throughout the season. Three members of the Bombers were voted to the All-Division Team: Sophomores Matt Wasielewski, Camryn Nieves, and Brian Nicholas. Nicholas was also named to the Home News Tribune All-Area team. In addition, Coach Weinert was recognized as the GMC and Home News Tribune Coach of the Year for his efforts in leading the team to their first ever championship.

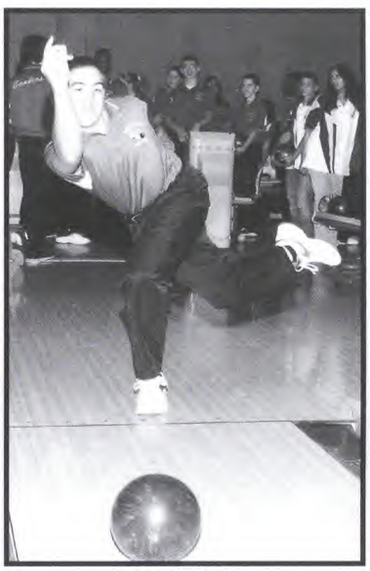

A young squad of Bombers bowlers will return next year, even stronger, prepared to bring a state title to SWMHS.

The 2006-2007 season was a rebuilding year for the Lady Bombers Bowling team. After losing 4 starting players to graduation, the Lady Bombers were looking to fill the gaps, remain competitive, and use their experiences as a learning tool for the future. They made great strides in improving throughout the season. The Lady Bombers began the season as a group of girls that were interested in bowling, and ended the year as a competitive unit. The team's record of 6-15 did not give an honest evaluation of how far the team had come. The Lady Bombers were led by Juniors Kristen Olesky and Katie Cavanaugh, as well as Sophomore Carol Sharrouf. All of the team members made great contributions throughout the season, and each girl had days where they were setting their personal best.

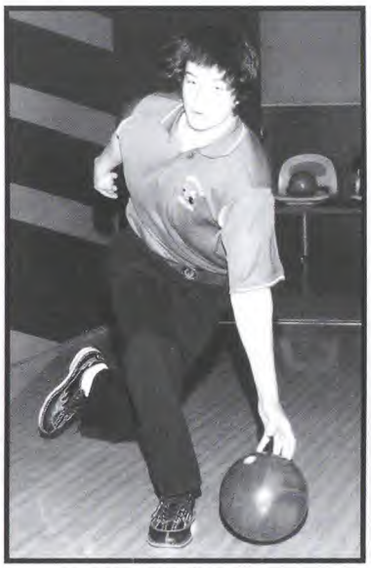

All in all, the 2006-2007 season was about learning for the Lady Bombers, and they look to return in 2008 and capitalize on the progress made throughout the course of this year.

"Vision Quest"

The Varsity wrestling team was supposed to be in rebuilding mode after graduating four twenty-match winners, but instead the 2006-2007 Bombers were in record breaking mode. The Varsity wrestling team surpassed last years total of 17 wins with a record-breaking 22. The Bombers' most important win was against Woodbridge, with a score of 35-18, which earned them the school's first White Division Title. Next, Sayreville achieved another one of their goals by finishing 4th in the GMC tournament, which is their highest finish in school history. Ten wrestlers placed in the GMC tournament, including three who made it to the finals. Sayreville's three GMC finalists set a new school record for the most in one year. During the course of the season, several individual records were broken. Eric Tsang became the school's all-time winningest wrestler recording 108 wins in his career, while also setting the school mark for most wins in a season with his 36 wins on the year. Scott Poore broke a school record for most pins in a season when he registered 20 on the year. Tsang and Poore (105) became the first two wrestlers in Sayreville history to earn 100 wins in their career. Sayreville then saved the best for last when they claimed five individual District Champions in the District 20 Tournament. Tsang (36-4) and Poore (34-7) both claimed their 3rd straight district titles while Ramon Santiago (33-6), Michael Knight(34-4), and Michael DeLuco(34-5) each claimed their first title. Poore was Sayreville's lone representative in Atlantic City for the State Tournament. Congratulations to the Bombers on another record breaking year and we look forward to more next year.

"Sugar and Spice"

What would any basketball or football game be without the peppy cheerleaders in the front, interacting with the audience and cheering on SWMHS? Under the direction of Coach Tricia Simpson, Coach Vanessa Sabadics, and volunteer assistant Mrs. Amy Lembo, the Sayreville Cheerleaders make every game as memorable as the players do. Members of the football cheerleading squad attended the NCA summer camp held at Stockton College in Pomona, New Jersey. During their four day, three night stay, the girls learned new stunts and techniques and spent time mastering old ones. As a result of their stellar performance, three cheerleaders were honored with the distinction of being named All-American Cheerleaders: Alexia Giordano, Danielle Gorman, & Danielle Gropack. In addition to raising the spirit of the fans during Bombers' sporting events, the girls are also skilled at raising money through several fundraisers, including a car wash and organizing the Bombers football program. Captains this year for the football season were seniors Caitlin Moskwa, Danielle Gorman, and Bianca Siriday. Despite the lack of seniors participating on this year's basketball squad, the girls found strong leadership in junior captains Kate Merrill and Alexia Giordano.

With some old faces, and some new faces, the Sayreville Bombers shattered their record from last year, improving it to 5-5. At the GMC championship meet, Sophomore Alex Ratajczyk was a double winner in his 50 yard free and 100 yard free. Sophomore Rachel Lutz placed fifth in the 200 yard individual medley, and tenth in the 100 yard butterfly. Freshman Shannon McKenna placed sixth in the 500 yard free and sixth in the 200 yard free. Sayreville's critically acclaimed yearbook *Quo Vadis* has done it again, creating another genius manuscript to preserve the moments you'll always remember…and some you wish you could forget. Spending endless hours pouring over pictures, typing never-ending paragraphs, and hunting down advisors and coaches for stats, the yearbook staff works hard to provide the student body with a book to last for ages. The staff would like to send a huge thank-you to Bonnie Blackman and Jostens (where would we be without you!), Normandy Studios for photography, and finally, to all the students who make all the effort worthwhile!

Spanish Honor Society

What movie is complete without its genius mad scientists and intelligent sleuths? ...Alright, maybe they're not all crazy, nor are they detectives, but the kids in the National and Spanish Honor Societies as well as the whizzes in Mu Alpha Theta are definitely major features. In order to become members, each inductee has to achieve a certain average in Spanish or math, while members of National Honor Society must maintain an average GPA of 3.25. Advisors Mrs. Sarah Rodis-Magaw, Mr. Hugo Alcolea, and Mrs. Jennifer Vasquez all agree - these kids deserve two thumbs way up!

The Math, History, and Science Clubs here at SWMHS are more dazzling facets surrounding the star-studded life of Sayreville students. These educational clubs provide students with an encouraging learning environment to continue studying the topics they love most outside of school. We can all agree that any movie premiere could not possibly become an award winning hit without all the posters, trailers, and reviews which precede it. These glowing reports and appraisals can make any movie flashy and exciting, even when its actual contents may not always be. As such, SWMHS would not be the creative school it is today without organizations like *Echo Lites, Images*, the Poetry Club, and Art Club, advised respectively by Miss Alicia Farese, Mr. James Parr, Michelle Scarpari, and Jennifer Grimm. Thanks to their stunning publications and words of wisdom, the final cut of Sayreville has become a Blockbuster hit!

Who needs to travel to exotic countries to shoot a scene when Sayreville students bring with them Emmy winning diversity and culture on a daily basis? Traveling from country to country is literally as easy as moving to the room across the hall with the African History, Spanish, French, and Japanese clubs, as well as the International Society here at SWMHS. The various groups, advised by Mr. Elgin Lewis, Mrs. Erica Messina, Mrs. Cala Nanda, and Mr. Carter Quinby respectively, gather to explore and celebrate different cultures and customs, adding unique scenes to the reel of Sayreville life.

There are three crucial elements that make a movie successful: a talented cast of actors, a great storyline, and gifted business managers. Although the business department may not always be in the limelight, their contribution is just as important as those on screen. This being said, the Future Business Leaders of America and the Cooperative Business Education organizations prepare their members for the promising paths ahead of them. Advisors Mrs. Elaine Hall (FBLA) and Mrs. Tricia Simpson (CBE), manage activities such as field trips and state competitions, providing many networking opportunities and insight into the world outside of high school.

Their dedication, effort, and enthusiasm towards their areas of expertise greatly contribute to Sayreville's spirited atmosphere. "A Walk to Remember"

Memories of moments, ones of which will not fade.
The moments in life that time loves to invade.
Stripped from our young lives wihch don't want to end,
the departing of lovers, the departing of friends.
Emotions of worry, excitement, and fright.
Confusion? - **Conclusion.** It's all in our right.
Sweet captions of life, which one may want to freeze.
Move on and forget? Just do as you please.
Four years of chances to hit where it counts.
Hundreds of memories, yes, infinite amounts.
With little time left, make sure without a doubt,
You have grown as individuals and soaked in what it's about.
Now the words of advice from wise seniors of the past
Were to make these our years for they would not last.
And now we look back, some feeling attacked,
with pain they have gained from the time that we lack.
Now take hold of all things worthy of embrace
Remember the moments our next years can't replace
So be ready on graduation day and prepare for a dive,
For the next day after that one is the start of new lives.
Upon approaching the senior Graduation trend,
The class of '07 now comes to an end.

Your legacy of accomplishment has left an indelible footprint as you've passed this way. But now new challenges beckon on a different horizon.

As your life's journey turns in another direction take some of the cherished memories of home. Backyard football games and fishing for stripers. Panther days, playing school with Jen, and going to the club with mom. Five inch shark teeth, Thanksgiving, that incredible Woodbridge comeback, Carolina summers, that first big rattler, and Freddie.....

As you stride into college and manhood remember it was hardwork, discipline, and self denial that fueled your previous success. And that no matter where you are or what you're doing we're thinking of you, and you are loved.

Carried deep inside of me.
Was the woman some day you'd be!
Holding on so tight I could hardly breathe.
I wish the years would start to slow-
I never thought you'd ever let go.

And even though it would hurt so inside,
when there was no time left to hide.
Off to work, or to catch a ride, did you ever hear me cry?

Through the heat of endless summers,
Or the chills of heavy snows,
Monica, I love you, I love you, God will always know.
I carried deep inside of me,
the woman today you will be!

We hope the days come easy and the moments pass slow,
And each road leads you where you want to go,
We hope you always forgive, and you never regret,
And you help somebody every chance you get,
We hope you find God's grace in every mistake,
And you always give more than you take,
But more than anything, our wish for you,
Is that this life becomes all that you want it to,
Your dreams stay big; your worries stay small,
You never need to carry more than you can hold
And while you're out there getting where you're getting to
We hope you know somebody loves you,
And is so proud too.

Erica Latz

Erica,
I can't believe my birch beer drinking Canadian is graduating from high school. Enough cannot be said for the many amazing things you have accomplished thus far. From working your way up the student ladder to recovering from major knee surgery, you have given me more reasons than just your height to make me look up to you. You are more than just my little sister, you are my best friend and I share everything with you. I cannot wait to now share our college years together. I will always be here for you. I love you.
MAAAAHHHHHHH
Jen

Erica,
My mind is still blown that you are actually a licensed driver, let alone that you will be attending college next year. So before you grow up into a mature and sophisticated woman, there are still a couple of things your big brother can teach you. First, remember that you are American, and only Canadian by heart. Second, don't take any nonsense from anybody on the court that disrespects your game. If they dish it, you bring it harder. Next, always come prepared with some sort of towel to any important dinners you may attend. You are a walking liability to any and all open beverages. Finally, always remember that I'm your brother. You can come to me for anything. I wish you the best of luck as you continue your academic and athletic career. One more thing. I will take all this back if you continue to demolish me with blue shells in MarioKart while I'm in first place.
Love your big bro,
Ronnie

Have faith that it can be whatever you want it to be. Know that I am very proud of the young lady that you've grown into -one with poise and integrity. May God ever bless you, dear Evie

My Killah,

Wow! I can't believe my little sister is already graduating. I feel like it was just yesterday I was cutting your hair off with my Crayola scissors and we were taking stupid pictures in the car because we were bored (well actually that second one might as well have been yesterday). Who would have thought we would be pretty much in the same place at the same time =)? I am so proud of everything that you have done over these past couple of years. You are one of the most dedicated and smartest people I have ever met. With everything you've been through these past two years, you stayed strong and showed everyone that nothing can stop you. I wish you the best of luck in everything you do, and know that no matter where you go in life (no matter how far away that may be) I will always be behind you 100% of the way. Don't you ever give up on your dreams girlie, because with that head on those shoulders, you can accomplish anything you put your mind to.

Love always,
Your big sister,

So Long Ago

I remember so long ago
When I entered Kindergarten class
The sights, the sounds, the fun I had
And the hope that it would last.

I remember so long ago
When I colored outside the lines
My teacher would pause at my desk
And say that looks just fine.'

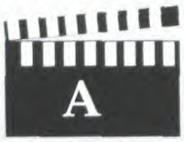

I remember so long ago
When I attended middle school
and I knew as an 8th grader
That we were the ones that rule.

I remember so long ago
My first day at Sayreville High
When I became a part of something great
So full of Bomber pride.

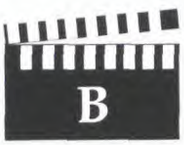

I remember not so long ago
How the last three years just flew by
And with thoughts of graduation
A tear forms in my eye.

And in the distant future
When I think of how I did grow
I'll remember how Sayreville defined me
All those long years ago.
